**INC. 500 names Paragon Solutions Group Inc. as one of America's Fastest Growing Private Companies in 2007**

New York, NY September 2007 - Paragon Solutions Group, Inc. (PSG) is ranked number 288 out of 500 of the Fastest Growing Private Companies in 2007. For the last 26 years *Inc.* magazine has been ranking the fastest growing privately held companies in the United States. "These turbo-charged enterprises are the pulse of the real economy. They are fast-growth success stories that cross a wide range of sectors from consumer products, financial services and retail high-tech hotbeds such as software, computers and electronics, and telecom" (*Inc.* magazine, September 2007).

Paragon customizes IBM server environments and will integrate these new environments with the clients' existing systems. PSG doesn't compete with other IBM resellers; they focus on winning over non-IBM users in the competitive market.

Paragon Solutions Group has been providing consolidation and virtualization solutions that deliver unparalleled business benefit since 2003. Located in Denver, Colorado and Dallas, Texas, we offer infrastructure based consulting services that optimize computing environments and ensure SLA's are met. At Paragon Solutions Group customers have the opportunity of benefiting from the sincere focus of our team on their unique needs and challenges. We endeavor to increase our clients' efficiency, productivity, and profitability by engaging in honest consultations aimed at providing unique solutions to their distinct challenges. The expertise of our consulting and engineering staff sets us apart from other systems integrators as we continually exceed expectations by executing at a very high level. (*Inc.* magazine, September 2007)
